SAHM 2018-2021 STRATEGIC PLAN

The SAHM Board of Directors is pleased to announce the society's new strategic plan for 2018-2021. The development of the plan was facilitated by an outside consultant and informed by the results of the 2017 member assessment survey, one-on-one interviews with a select number of SAHM members and staff, an in-person Board of Directors strategic planning discussion followed by numerous reviews and revisions by leadership. The collective efforts of the SAHM Board of Directors, committees, Special Interest Groups (SIGs), Regional Chapters and the general membership will play an active role in achieving the goals and objectives outlined in the plan.

Strategic Goals

Provided below are the three overall goals outlined in the strategic plan. Goal #1 will focus on the evaluation of SAHM's governance to assess the existing structures, processes, policies and dedicated staff support to ensure maximum effectiveness, efficiency and transparency. Goal #2 focuses on the evaluation of our educational offerings and professional development opportunities in an effort to expand on what we currently offer and what gaps could be filled to become the leading resource for adolescent health professionals. Goal #3 will focus on the evaluation of our existing advocacy efforts to identify where to expand in order to become the leading advocates for adolescents and young adults and the health professionals who care for them.

- **Goal #1:** SAHM governance structures, processes and support will be effective, efficient and transparent to optimize organizational communication and productivity.

- **Goal #2:** SAHM will be the leading resource for innovative education and professional development for adolescent health professionals
- **Goal #3:** SAHM will be the leading advocate for adolescents and young adults and the health professionals who care for them

As is true of all strategic plans, to ensure its success, the specific tasks outlined to achieve the identified goals and the metrics identified to track progress will be revisited regularly by the SAHM Board of Directors, appointed leaders and staff.

For questions or comments regarding the strategic plan, please contact [SAHM Executive Director Ryan Norton](#).
